Senior General Practice Leadership Programme

- CMI Level 7

Duration

Four teaching days

Validating Body

CMI

Overview

This GP practice management course has been designed to support GPs and clinical staff who are already in or aspiring toward a leadership role and for existing Practice Managers wanting to develop their skills in senior leadership. This enhanced GP practice management course focuses on senior leadership, change management and understanding current issues within NHS primary care including population health management and how the role of PCNs and other changes can impact primary care.

This engaging course will focus on real life experience and how you can bring theory and best practice into your own working environment. The course is led by a highly experienced NHS leader, and will be supported by current NHS insights, contextualised case studies, and first-hand experience of the challenges of being a leader in Primary Care.

The GP practice manager course builds on the CMI Level 5 course and provides professionals with the opportunity to develop their knowledge and understanding of senior level practice management and reflect and grow in an enhanced learning environment. Participants will become part of a strong and supportive national network of Primary Care Leaders.

This Level 7 accredited IGP practice manager course has been designed to help GPs and staff at partnership level gain a better understanding of the dynamics in managing multidisciplinary teams and improve their personal approach to leadership.

Who is this course for

This programme is designed for existing and new partners including GPs and clinical staff or those aspiring to leadership roles and for existing Practice Managers in a primary care environment.

(Please note new to partner schemes include a £20k golden handshake for most roles in primary care)

Benefits

This course is for you if you want to...

- Understand the key aspects of Senior Practice Management and improve your overall performance as a leader and manager
- Form strategic plans within your organisation and drive and/or manage change
- Develop strategic skills to create a professional environment where colleagues can flourish, and where patients will receive the best possible care
- Develop a strong, professional, national network of peers, who you will be able to draw upon in the future
- Broaden your knowledge of systems and governance within primary care

Learning Outcomes

On completion of this programme, delegates will:

- Have a clear understanding of the senior leaders' role in overall leadership and effective management within primary care
- Understand how to inspire, influence and build high performing and effective teams
- Be equipped with strategic leadership and management skills to enhance team performance
- Confidently be able to deploy a range of effective management techniques and tools
- Be confident to develop a comprehensive strategic plan for your organisation
- Have a clear understanding of governance within primary care
- Understand the importance of systems and the QI cycle within your practice

2022 Finalist for Outstanding Training Provider

In 2022 we were shortlisted for the Outstanding Training Provider of the Year Award with Chartered Management Institute.

The CMI who celebrated it's 75th year, recognised In Professional Development as a provider producing exceptional positive impact on the learner experience in the category of small business, as a result of its partnership with the Institute.

We are honoured to have been shortlisted for our work as a training provider so early in our short period of offering professional development programmes and privileged to continue delivering outstanding courses CMI accredited courses through our Non-HE Partner's relationship. Find out more about our shortlisting [here](#).

Qualification

The CMI Level 7 Certificate in Strategic Management and Leadership

Assessment

The CMI Level 7 Certificate in Strategic Management and Leadership is designed for Directors and Senior Managers who have the authority and personal inspiration to translate organisational strategy into effective performance.

This qualification requires senior and aspiring senior leaders to build on their skills in strategic management and leadership and to focus on the requirements of inter-organisational strategy. You will be required to take the theory, thought leadership and research discussed on the programme, and implement it in your professional life by focusing on your own leadership development, and positively challenging organisational strategy.

Delegates will be required to complete two 3500 - 4000 word written assignments that require taught theory to be applied to the organisational context:

- Unit 704: Developing Organisational Strategy
- Unit 714: Personal and Professional Development for Strategic Leaders

Support

As part of your course fee, you are given free and unlimited access to post-classroom tutorials. These are organised monthly and run by CMI qualified tutors to help guide learners through the assignment writing phase.

Chartership (CMI Chartered Manager)

Those learners that successfully complete and are awarded the Level 7 Certificate in Strategic Management & Leadership are eligible for 'Fast Track' to Chartered Manager status. This route builds on the completion of your eligible CMI qualification and provides a fast-track assessment process taking into account your prior learning with CMI. (Note - There is a separate cost for this and the application and payment are made directly to CMI) - For further information visit - **CMI Chartered Manager**.

Gaining Chartered Manager status involves completing a holistic assessment that is underpinned by the **CMI Professional Standard** for Management and Leadership. It provides you with a fantastic opportunity to reflect on your recent workplace achievements and how you effectively apply your management and leadership skills.
